Our Philosophy

Are you interested in promoting professionalism in childcare, gaining respect from the community and helping all children experience success?

If you do, then we share the same goals.

The philosophy of *Childcare Share* is to lend emotional support, exchange ideas,

develop friendships and to encourage excellence in our chosen field.

Our goal here is to network and support each other to help each of us acquire the skills, attitudes, and habits it takes to give children and their families in our community the best we have offer.

In-Service Training Opportunities

Continued Education is a personal responsibility we each share. We all need assistance in acquiring needed training hours or for some, continued education helps us reach beyond. At Childcare Share Lincoln it is one of our highest priorities and we will seek to offer quality guest speakers and/or presenter's relating to your childcare needs and issues. Our in-service training workshops will consist of two hours of in-service training opportunities each month.
